### Superstar

#### Celebrations:

**JJ** made GREAT improvements on this spelling test this week!

**Aaliyah, Alexis, Grace and Micah** scored 100% on our Nov. 7th Reading Street test! **WAY TO GO!**

**Grace, Bobby, Jackie, Brandon, Emily and Josh** all scored over a 90% on our addition test! What amazing mathematicians!

### Classroom

#### Donations!!

We are in need of:

- Clorox Wipes
- Black Expo Dry Erase markers

All students need to bring in a medium-sized glass jar by Dec. 9th for a special project!

### Reading:

We just finished Unit 2 Week 3 of Reading Street. Check out the back to see our class averages on our Reading Street tests. We have really improved! We are aiming for an average of 75% or higher! We have been working on drawing conclusions based on evidence from the text.

### Math:

We completed our addition unit and are on to subtraction. The superstars rocked addition with a 73% average! During our subtraction unit we are continuing to review rounding which seemed to be a more difficult concept for the students. We will learn a variety of strategies for solving subtraction equations.

### Writing:

We have been working on using Microsoft word to publish our fables. Students have learned how to choose fonts, use spell check and add clip-art to their work.

## November is Family Story Month

Elmwood is starting new tradition! We would like every child to sit down with their family and write a personal narrative (A personal narrative is a true story about the author's life. ) You may type it or write it by hand. You can also had illustrations. Turn it in by Nov. 25th to add to our growing story tree. Contact me if you would like to set up a time for your family to share your story with our class during the week of Dec. 2nd. Happy Writing! :)

## Fall Festival

Our first party was a HUGE success!!! I wanted to say thank you to the MANY families that donated to our party. We had lots of goodies to share and enjoy. Also, I can not express how much I appreciate all the parents who came to the party to lend a hand! We had games, treats and even some mathematical thinking and there is no way it all would have gone so smoothly without help from our Superstar Families! Stop by our webpage (www.thesuperstarclassroom.weebly.com) to see photos from our amazing day!
